## Dear Friends,

The last year was a year of challenges as the COVID19 pandemic continued its hold on us. However, it was also a year of growth and broader recognition of the injustices and barriers that persist in our community and keep people in poverty.

Overall, the number of people MSC served increased by 7%. With the additional rent assistance available through the Cares Act and other funding, we saw the number of households receiving housing stability services, such as rent assistance, increase by 178%. We had more modest increases in some of our other programs, such as our food bank which had an 11% increase in households served. Other programs experienced a decrease as the pandemic impacted our ability to provide assistance, such as with employment and education services.

In 2021, MSC added a new position to our staff, a community access coordinator. The goal of this position is to work directly with individuals and families who may have traditionally faced more barriers to receiving assistance. This role will help them navigate resources and get the help they need.

We are excited for where we are headed, both as an organization, and as a country, as we acknowledge the impacts of our history and work to create change and equity for all in the community. Thank you for supporting MSC during our first fifty years, and we hope you will remain our partner in the next fifty!

Sincerely,

A handwritten signature in black ink that reads "Robin Corak". The signature is fluid and cursive.

## FINDING HOPE

May, Richard, and their four-month-old baby lost their housing. Richard had been out of work for quite some time, and although May was working full-time, they had been unable to pay rent while also providing for basic needs for their newborn. Richard was losing hope that he would ever be employed again, and that was putting some additional strain on the family dynamic.

May and Richard needed something to change, and it did when they found housing at MSC's family shelter. MSC had recently started to partner with the King County Jobs & Housing Program, which included a direct pathway to help residents at the shelter find employment with the Parks Department. Richard interviewed for and was offered a job.

May and Richard's sense of hope for the future was growing, and with their MSC housing advocate's support, they applied for and received an emergency housing voucher.

Today, both May and Richard are fully employed and moved into permanent housing. With MSC's help, May and Richard were able to make a change in their lives, and find the stability they wanted for themselves and their child.

# MSC CELEBRATES 50 YEARS

MSC celebrated its 50th year of providing help, hope, and change during 2021. While the pandemic limited our ability to have the big celebrations we had hoped for, we were pleased to be able to host a small gathering in August. We also got to hear stories from founding board members, staff, and customers who have been helped throughout the last five decades by MSC. These stories were featured in our Fall newsletter and shared on our website.

Reviewing MSC's history and hearing these stories confirms that our work would not be possible without amazing volunteers and supporters that care deeply about the success of every member of our community. We are truly a community action agency. Connected neighbors create healthy communities and the power of partnership can help people change their lives. Thank you for your support!

*2021 Board President René Ewing with Ric Ewing at MSC's 50th Anniversary Celebration.*

*Michael Bower and Rick Faunt, with Washington State Ombuds Patricia Hunter at MSC's 50th Anniversary Celebration.*

*Board Member Martin Moore, his son Jude, and CEO Robin Corak at MSC's 50th Anniversary Celebration.*

*King County Councilmember Pete von Reichbauer with Crab Feed Chair Cindy Ducich at MSC's 50th Anniversary Celebration.*
